Software Developer | Full-Stack Developer

EDUCATION

Smt. Kashibai Navale College of Engineering – Pune, Maharashtra
Bachelor's in Computer Engineering | Graduated: July 2023 | CGPA: 7.31

Disha Delphi Global Sr. Sec. School – Kota, Rajasthan
Senior Secondary | Completed: July 2018

TECHNICAL SKILLS

Programming & Frameworks:

C, Java, JavaScript, React, Node.js, Express.js, MongoDB

HTML, CSS, Bootstrap, REST APIs

Core JavaScript:

Vanilla JS, OOP Concepts, ES6, Structuring & Destructuring

Backend & Architecture:

MERN Stack, REST, WSDL, MVC

Data Analysis & Tools:

Power BI, Excel

WORK EXPERIENCE

CozmoTec, Ireland – Junior Software Developer

April 2025 – Present

- Cozmotec is an Ireland-based startup focused on business automation and integrated technology solutions.
- Working as a Full Stack Developer using React, Node.js and SQL.
- Handling both frontend and backend development of internal tools and legacy applications.
- Maintaining existing client products and improving performance and code modularity.
- Collaborating with international teams to deliver scalable solutions.

Full-Stack Development Training – neoG Camp

March 2024 – October 2024

- Completed an extensive bootcamp on the MERN stack, covering frontend and backend development.
- Developed multiple projects, gaining hands-on experience in React.js, Node.js, and MongoDB.
- Enhanced problem-solving and debugging skills through real-world applications and industry-level coding standards.

Intern – Xavient Software Solution India Pvt. Ltd, Noida

Sep 2023 – Dec 2023

- Developed interactive dashboards and reports using Power BI, improving data visualization and facilitating data-driven decision-making.
- Strengthened React.js capabilities by contributing to frontend development tasks, ensuring high code quality and adherence to best practices.

PROJECTS

Learning Management System – CozmoTec

May 2025 – Sep 2025

- A full-featured LMS built using React, Node.js, Express, and SQL.
- Built from scratch to manage courses, users, modules, and assessments.
- Implemented secure user authentication, role-based access (admin/teacher/student), and RESTful APIs.
- Designed clean, responsive UI with React and modular backend architecture in Node.js.
- Used SQL for relational database schema design and efficient query handling.

ITI College Admin Panel (MERN Stack, Redux, Tailwind CSS)

Nov 2024 – March 2025

◆ [Live Demo](#) | [Frontend GitHub](#) | [Backend GitHub](#)

- Freelance project developed for an ITI college to manage students, teachers, branches, subjects, and fees.
- Implemented fee tracking and teacher salary management.
- Built an admin dashboard with full CRUD operations, advanced filtering, and analytics for performance insights.
- Used MERN stack with Redux for state management and Tailwind CSS for a modern, responsive UI.

E-Commerce App (MERN Stack, Redux, Bootstrap)

Nov 2024 – Dec 2024

◆ [Live Demo](#) | [Frontend GitHub](#) | [Backend GitHub](#)

- Developed a complete e-commerce platform with features like user authentication (signup/login), product listing, cart, checkout, and order summary.
- Integrated profile management and address CRUD operations.
- Used Redux for efficient state management and Axios for API communication.

School Management System (MERN Stack, Redux, Bootstrap)

Aug 2024 – Sep 2024

◆ [Live Demo](#) | [Frontend GitHub](#) | [Backend GitHub](#)

- Built a school dashboard to manage students, teachers, marks, and attendance.
- Features include class-wise views and performance tracking (attendance & marks) and school-wide statistics.
- Enhanced admin control for academic insights and student monitoring.

CERTIFICATIONS

- JavaScript Certification – HackerRank (March 2024)
- Full-Stack Web Development – neoG Camp (MERN Stack)

HOBBIES & INTERESTS

- Exploring new places
- Badminton
- Swimming

ACCOMPLISHMENTS & ACHIEVEMENTS

- State-Level Taekwondo Champion (2011)
 - Attended Seminar on IP Awareness/Training – NIPAM
-
